

# K.T.M. FINANCIAL GROUP

Professional Services, Friendly Support, as we focus on your tomorrow.

## ***Tax Preparation Services for Individuals***

### **Here's what else we do for you:**

- Prepare accurate tax returns that are filed on time
- Calculate estimated taxes for self-employed small business owners
- Develop tax planning strategies that reflect individual financial goals
- Electronic filing and direct deposit for a faster tax refund
- File extensions and calculate estimated tax to avoid interest and penalties

## ***Professional personal tax preparation***

Maximizing your deductions so you can get the largest return possible takes years of experience and knowledge. With a tax code that is thousands of pages thick, it takes a professional to gain the personalized and meaningful insight necessary.

If you happen to have fallen behind on your returns, or are facing an IRS audit and fines, you can turn to us to help guide you and ensure that your options, including settlements, are explored.

## ***From taxes to planning you're covered***

- Tax preparation
- Maximized tax returns
- Late tax preparation
- IRS negotiations
- Audit assistance
- Personal financial planning
- Home budgeting

While many people think a CPA is someone only the rich can afford that is not true. With flat rate pricing you will find that it makes financial sense to get the same professional help big businesses and the wealthy get.

## ***Your Source for Trusted Personal Accounting and Tax Preparation***

As your trusted advisors, we evaluate your individual tax situation and guide you through any tax challenges that develop. Our goal is to minimize your tax liability so that you can keep more of your hard-earned money.

It's also our job to stay up-to-date on current federal and state tax laws through continuing education and we use our in-depth knowledge of tax codes when we prepare your individual tax returns -- so you don't miss out on any tax credits and deductions that you are entitled to take.
